

About the College

Established in the year 2013, C.H.M.K.M Govt. Arts & Science College Tanur holds a pivotal position within the educational landscape of Malappuram district. The college emerged as a beacon of educational accessibility, particularly for the populace residing in the coastal outskirts, thereby providing them a gateway to higher education.

Strategically situated in the tranquil locale of Puthentheru, approximately 2 km from Tanur town, the institution offers a comprehensive array of undergraduate courses, encompassing disciplines such as B.A English, B.Com, BBA, BCA, B.Sc Electronics and an Integrated M.A. Malayalam programme. Affiliated with the University of Calicut, the college serves as an intellectual hub fostering a spectrum of academic pursuits. Today, the college not only stands as a benchmark for educational advancement but also signifies the realization of the longstanding dreams harbored by the residents in and around Tanur constituency.

Two-Day Workshop on Research Methodology, Outcome Based Education and Innovative Technologies in Teaching

(Sponsored by DCE)

05/02/2024 and 06/02/2024

About the Workshop

The workshop adheres to a world of innovation by focussing on outcome-based education and research in teaching learning environment within the context of Higher education. The workshop will focus on the following key areas:

RESEARCH ORIENTATION IN OUTCOME-BASED EDUCATION :

This workshop will delve into the strategies for integrating rigorous research practices into teaching methodologies, ensuring a cohesive alignment with real-world expectations. Participants will explore the dynamic aspects of continuous assessment and improvement of learning outcomes, with an emphasis on fostering critical thinking and problem-solving skills.

INNOVATIVE LEARNING PARADIGMS :

The National Education Policy (NEP) grants the highest appraisal to innovative learning paradigms, emphasizing the establishment of a digitally driven ecosystem.

LMS NECESSITY :

The higher education system necessitates the adoption of a Web-Based and Outcome-Based Learning Management System. This is crucial to enhance the deployment of technology in managing and organizing academic workflows, ultimately brightening the teaching-learning experience.

OUTCOME-BASED EDUCATION (OBE) :

Outcome-Based Education (OBE) is inherently performance-based, relying on the effectiveness of imparted knowledge.
